Science

**Food chains.**

I can describe how animals get food.

I can order the animals and plants in a food chain.

I can create food chains and talk about the roles of the  
different animals and plants within a food chain.

I can compare the food chains I have created with other  
food chains.

**Living things and where they live.**

I can compare and group things into living and non-living.

I can describe movement as something that all living things  
do.

I can compare things that are alive, dead or never alive.

I can explain why different animals live in different habitats.

I can identify living things that live in a micro habitat.

I can think of ways that I can encourage living things to live  
safely in a micro habitat.

## London's burning! Spring Term

Geography

Locate London on a map and identify  
landmarks

Describe geographical features of  
London.

Plan a trip to London.
